Subject: moratorium on commercial development

Dear Town of Caroline Clerk,

I am a resident of Landon Rd and have lived here for 16 years. Before that, I grew up on Hickory Trail just off of North Landon Rd for 10 years. Please do not allow a Dollar Store to be built on this road and instead, enact a moratorium on commercial development in our area. This area is known for it's clear night skies and peaceful, quiet properties. A store would completely change our neighborhood and cause more traffic, light pollution and noise and possible accident hazards with the 79 and Landon Rd intersection. This intersection has had severe car accidents in the past due to poor visibility already.

Brookton's Market already exists in our neighborhood and P & C which is an affordable store is less than 10 minutes away. This Dollar Store is not needed or wanted on Landon Rd.

Thank you for taking this seriously,
Hannah Miller
