# MARIJUANA REGULATION & TAXATION ACT

"MRTA"

# KEY PROVISIONS

# NYS Law Adopted in 2021

- □ Medical marijuana allowed since 2014 continues w/ fewer restrictions
- For those 21 and older:
- □ 3 oz for recreational use allowed
- ☐ Home cultivation will be allowed
- ☐ Smoking marijuana is allowed where tobacco smoking is allowed
- ☐ Smoking marijuana is <u>not</u> allowed in cars or near schools
- □ Retail marijuana sales from licensed dispensaries
- □ On-site marijuana use at licensed locations- not bars
- ☐ Certain marijuana crimes to be expunged

# **NYS Law Adopted in 2021**

- **❖** New State Licensing will cover:
- > Medical Marijuana production & dispensing

### REGULATIONS HAVE NOT YET BEEN DEVELOPED FOR:

- > Adult Use Cultivator, Processing, Distribution and/or Dispensary
  - > Applicants must notify municipality
- > Adult Use On-Site Consumption
  - > Applicants must notify municipality
- > Hemp and CBD

## **TAXES & REVENUES FROM 2021 MRTA**

### Users will pay 13% sales tax:

❖ 9% sales tax will go to New York State

### **PLUS**

- **❖** 4% State sales tax is shared locally:
- 25% stays with County
- ❖ 75% divided among municipalities based on local sales
- Town and Village will each be eligible for revenues once regulations are finalized
- If Village has sales, a Town-Village agreement is needed or revenue is shared 50-50
- Sales in the Town, outside the village, remain in the Town

# STATE USE OF MARIJUANA REVENUES

### NYS estimates a possible \$350 million/year in new revenues

After the State collects and uses funds to run cannabis program, their 9% revenue will be targeted to:

- √ 40% of remaining money goes to state lottery program for grants for school districts
- √ 20% to drug treatment and public education fund
- √ 40% to community grants reinvestment fund

# Automatic Revenue unless we opt out

The NYS MRTA of 2021 will automatically accept and review applications for licensing of dispensaries for sales and/or for lounges for on-site consumption in all municipalities.

- > The law provides an option for municipalities to opt out of allowing dispensaries and/or on-site consumption. The Village and Town make their own decisions. The Town's jurisdiction is for just outside the Village.
- > If a municipality opts out of sales and on-site use, it receives no revenue

A municipality may NOT opt out of the law allowing personal use

# Automatic Revenue unless we Opt Out

### NO ACTION = ALLOWING DISPENSARIES & ON-SITE USE & REVENUE

- > <u>If</u> the Town were to OPT OUT, it must do so by adopting a local law, which is subject to a permissive referendum
- > If enough residents disagree with the Town's decision to opt out and file a sufficient number of signatures to object, the Town must hold a referendum
- > The decision to opt out must be made by Dec. 31, 2021. If it is challenged & a referendum must be held, the referendum may be held after 12/31
- > A municipality that opts out, may opt back in but may not opt out after 12/31/21
- > Revenue is unlikely until 2023 the soonest; regulations are still in process
