**Subject:** Mark A. Radice RE: Retail store in Caroline

Thank you, Board Members, for your diligence and for having alerted residents to this proposal. I believe the addition of a retail store—especially a Dollar General, which provides no unique goods, no locally-made items, no distinctive ware—would be a great detriment to our community. The goods that this venue would peddle can already be obtained at the Dollar Tree in downtown Ithaca as well as in many other locations. Please, let us firmly refuse to allow this enterprise into our community.

As always, your work and dedication are much appreciated.  
Best,  
Mark A. Radice,  
Caroline resident since 1987
