By signing below, I acknowledge that I have reviewed the Host Site Agreement and do not anticipate any significant concerns that would prevent our organization from signing it. I have also reviewed and understand the project components and requirements, including our obligations to provide:

- 1) Installation expenses (either by paying the installer or doing the work themselves) beyond those provided by the project to complete the EV charging station installation
- 2) Electricity to operate the EV charging station
- 3) Operation and maintenance of the station for three years
- 4) Access to the station location for the installation and any EV-related outreach activities (including unlimited rights to take, use and publish photographs of the EV charging station and site, as well as posting of project success information on NYSEERDA's website)
- 5) Completed project paperwork
