The purpose of the hearing is to hear public comments on the Preliminary Report to the Town Board. In general, the members of the zoning commission will not reply to or comment upon statements. Statements up to 4 minutes in length are allowed. Please cease speaking when time is called. The timer will alert you when you have 15 seconds left. You may only speak once, unless the Commission votes to allow a second opportunity for speakers if time remains.

The Zoning Commission also welcomes comments in writing. You may leave them with the Town Supervisor, who will bring them to the Town Clerk, to be compiled for the Zoning Commission members. Or you may drop them off, send your comments by email, or mail them to the Town Clerk by March 3 (postmark if mailed).

Please do not applaud or call out remarks and allow the speakers to be heard. Applause etc. will limit our ability to hear from more speakers.
