RE: Proposed AT&T Cell Tower Bald Hill Road

Dear Mr. and Mrs., D’Estries,

My name is Mark Fuentes and I am a contractor for AT&T. AT&T is currently looking to build a telecommunication tower on Bald Hill Road, this location was chosen as it is the tallest hill in the area and is surrounded by trees to shelter the base of the tower from view. At this time the tower will only serve AT&T customers and help First Net increase their coverage to aid the first responders but will be designed for future carriers.

You are being contacted as your property is within the 1500-foot radius of the proposed tower set forth by the town. The public hearing date will be held on **2019** at the Caroline Town Hall located at 2668 Slaterville Road Slaterville Springs, New York 14817 at **7:00 pm**.

If you have any questions about the project, please feel free to contact me at 585-230-7891.

Best Regards,

Mark Fuentes
