

***Supervisor's Report***  
***January 9, 2019***

- Attended Tompkins County EV-Accelerator Program wrap-up meeting on Dec 11. Number of charging stations tripled in 2018; number of charging events increased by 400%. Main goal of the program was to increase availability and awareness of electric vehicles, their affordability, and their low operating costs.
- Contract for town hall parking and bioretention project pending.
- Received Water Quality Improvement Project grant for Boyer Creek at Ekroos Road in amount of \$247,568. Working with Cindy, T.G. Miller, DOT, and DEC to develop plan and begin process.
- Energy Independent Caroline: met with Terry Carroll and Osamu Tsuda regarding assistance with the Town achieving Climate Smart Community designation. Will propose EIC as task force to facilitate the data gathering. Committee will be meeting this week to review Brighten-up Caroline Program Coordinator advertisement.
